## ECZEMA ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acrid matter, which is forced to the surface through the pores and glands forming pustules which become a sticky fluid, and the itching is intense.

The doctors said I had pusular Eczema; it would break out in small white pustules, mostly on my face, and discharge a yellowish fluid; causing the skin red and inflamed. I was tormented with the Itching and burning, and during the time used various medicated soaps, ointments and various medications, nothing would make me even begin to improve. The Itching did not worry me much, soon all the ugly eruption disappeared and my skin is now as clear as anybody's. I have not been troubled with any break out in our house since. G. E. KELLY.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humor in the blood. Salves, cooling waters, powders and the like can do nothing more than relieve the itching, because they do not reach the acidic part of the seat of the trouble. S. S. Cured Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Noth-  
ing acts so promptly or surely in skin diseases as S. S. and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength and now I can walk as straight as ever. They are simply wonderful."
